Club Helps Protect Your Family With Short-Term Insurance Plan

Since 1928, The Club, formerly the Los Angeles City Employees Association, has been meeting the insurance and financial services needs of City Employees. As members' needs and the financial marketplace change, so do the insurance and financial services offered by The Club. This month, The Club introduces short-term disability insurance to provide income protection for members and their families. We know how many Club members want to go that extra mile to protect themselves and their families from unexpected situations.

In this era of "guerilla marketing" we're all barraged with far more information than we can possibly process or feign interest in. For the past 75 years the mission of the Club has been to provide the highest quality and most cost-effective insurance and financial services to meet members' needs for various types of financial protection. The new short-term disability insurance described on the front page continues this long tradition. Take a few minutes to read the article. If you think you and your

family may need this type of coverage, call the Club, request a brochure and call one of our counselors for help in determining if this is the right product to meet your particular needs. If it's not, the counselor will tell you so. He or she will also help you compare this new coverage with those offered by other City and private agencies. Competent, professional and honest advice is the very core of the Club and has been for the past 75 years. It's what we're here for.

Finally, mark your calendar on Oct. 3 for ClubFest 2003, an afternoon of good, clean family fun with food and great prizes. We're making sure we manage the event better this year, to avoid the long lines. (Only Club members will be in attendance this year.) Additional details are on the front page story.

Hope to see you there! 📍
