## ■ Club donates big coffee maker to West Valley Sanitation.

The Club, wanting to contribute to the drivers of the Valley Solid Resources Division of the Bureau of Sanitation, donated a commercial coffee maker.

The Club acted in response to a request by the West Valley yard: They needed a coffee maker, and the Club delivered it Aug. 8. Adriana Nunez, Clerk Typist and Club member, in June passed along to the Club the need for a coffee maker to accommodate the number of drivers who enjoy a nice cup of coffee to brighten their morning route.

After weeks of research, the Club found the Bunn Commercial coffee maker, which brews 3.8 gallons of "perfect" coffee per hour (approximately eight pots) and requires no plumbing (completely portable). It features all stainless steel construction and black décor. The Club also purchased three decanters and a supply of filters.

Enjoy your new coffee maker, compliments of the Club.
