7 Are Inspectors

■ Fire Dept. promotes 7 to Inspectors at badge presentation.

FIRE DEPT. — The Fire Department promoted seven from within its ranks to the position of Fire Inspector I, and welcomed one transfer from the Zoo.

The promotions were celebrated at a badge presentation ceremony Feb. 6 in the Julie

Bennett Room in City Hall East.

The LAFD Badge Presentations recognized firefighters and engineers who have just been promoted to Fire Inspector I. Years of experience with the Fire Department have prepared them for the next step in the Fire Prevention Bureau. Chief Hill is proud to have the new inspectors join the team.

The Chief also announced the arrival of a new employee in the Fire Prevention Bureau. Club Member Tanzi Cole transferred from the Zoo department.

Congratulations to all!

The new Inspectors I are:

- Dennis Archie
- Gerard Joya
- Alexander Molina
- Deresa Teller
- Lance Matthews
- Carlos Gallegos
- Paul Tanner

Inspector I (High Rise Unit) Gerard V. Joya, former Firefighter III/PM from Fire Station 42A, 26 years.

Inspector I (Brush Clearance Unit) Dennis M. Archie, former Firefighter III/PM from Fire Station 109B, 22 years.

Inspector I (High Rise Unit) Paul E. Tanner, former Firefighter III from Fire Station 100B, 25 years.

Inspector I (High Rise Unit) Alexander A. Molina, former Firefighter III from OCD-Dispatch, "A" Platoon, 19 years.

Inspector I (High Rise Unit) Carlos Gallegos, Club Member, former Engineer from Fire Station 6B, 20 years.

Inspector I (High Rise Unit) Deresa D. Teller, former Firefighter/Lead Paramedic from Fire Station 104B, 26.5 years.

Inspector I (High Rise Unit) Lance V. Matthews, former Firefighter III from Fire Station 42B, 12 years.

Got Email? Send & Receive Anywhere!

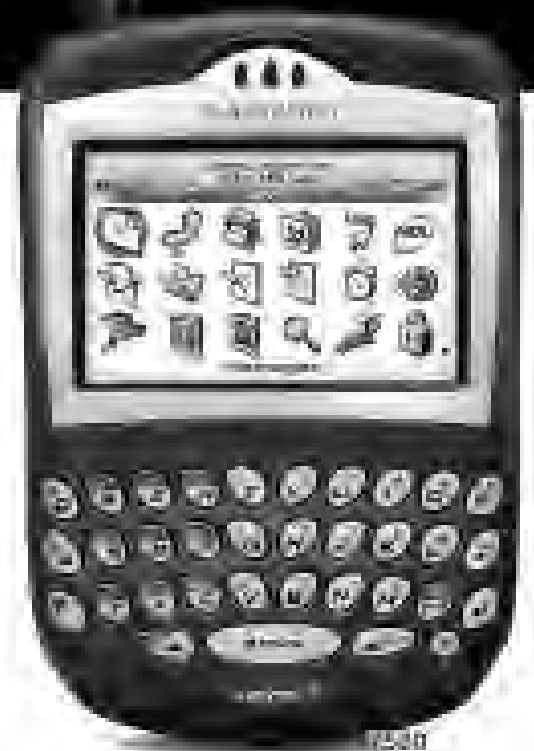

Bluetooth® technology is the standard for wireless connectivity. The next generation of mobile devices, like the Nextel i7520, are designed to work with Bluetooth technology. This means you can send and receive emails from your mobile device, even when you're on the go. The Nextel i7520 is a powerful mobile device that can connect to your computer, send and receive emails, and more. (i7520)
