REC AND PARKS — You are invited to join the 28th annual Earth Day Celebration of our "ocean planet" at Cabrillo Marine Aquarium, Saturday, April 19, with a day of free programs, including a beach cleanup, speakers, information and activities. Participation options include joining the beach cleanup, sharing information, grunion egg hatching, guided walks to the salt marsh, and more.

You can be a part of the solution by joining in a beach cleanup from 8 to 10 a.m.; supplies and refreshments are included. Then you can stop by the auditorium to view selected presentations of the day and visit with more than 40 organizations and agencies as they share how they are working to care for the earth. Musicians will be sharing their thoughts about the ocean through songs. And you can educate yourself about choices we can make every day to make a difference in protecting our planet.

Throughout the day, the Aquarium will be open with opportunities to examine Southern California marine life, where you can visit the touch tank; search the Virginia Reid Moore Marine Research Library for more information about local sea life; observe the aquarium's newest arrivals in the Aquatic Nursery; and investigate the interactive Exploration Center.

Free parking is available at 22nd and Miner Streets with access to a shuttle in each direction. Guests can also connect to the shuttle from the Marina station of the Pacific Red Car Line along the Port Waterfront.

Red Car info: www.railwaypreservation.com/page8.html. Limited car parking at Cabrillo Beach is \$1 per hour.

Cabrillo Marine Aquarium is at 3720 Stephen M. White Dr. in San Pedro, and is a Rec and Parks facility. For more information, call (310) 548-7562 or go to: www.cabrilloaq.org
