## Northridge Fire

*Photos by Juan Guerra.*

**A** fire in the morning hours July 27 damaged a commercial building housing a wood shop in Northridge, but no one was hurt, authorities said.

Firefighters sent to the 18800 block of Bryant St. doused the flames in about 20 minutes, said Diana Igawa, LAFD. The fire burned through the roof of the single-story building.

The cause of the fire was under investigation. A damage estimate was not immediately available.
