CLUB INSURANCE: There When You Really Need It

Club Life Insurance Makes Sense

September is Life Insurance Month. Here are six great reasons why you should buy life insurance.

Club Life Insurance is all about building your financial strength to take care of your family in the event you're no longer there to do it yourself. Life insurance should serve as the foundation of your family's financial security, helping to ensure that your loved ones will be all right financially, even if something were to happen to you.

September is Life Insurance Awareness Month, a great time to think about all the things that life insurance can do for you and your family. But that can happen only with planning. Schedule an appointment with a Club Counselor, to make sure that you have the right amount and type of insurance to protect the ones you love.

Here are just some of the great benefits of Club Life Insurance:

- **It allows time to grieve.** Club Life Insurance allows loved ones to focus on their grief by helping to pay for the funeral and other final expenses.

- **It can provide a fresh start.** Club Life Insurance lets loved ones start fresh by helping to pay off credit card bills, outstanding loans and even the mortgage.

- **It provides income.** Club Life Insurance helps replace lost income for years to come, so that surviving family members can continue to pay for life's necessities.

- **It offers flexibility.** Club Life Insurance gives a surviving spouse the chance to take time off from work to reestablish your family's stability.

- **It creates opportunities.** Club Life Insurance can provide funding to start a business, or pay for schooling so surviving family members can train for a new career.

- **It leaves a legacy.** Club Life Insurance gives parents the chance to leave future generations with the legacy of long-term financial security.

Club Life Insurance is good for you. It's good for your family.
