## Alive! Around the World Contest!

### Whoops! Here's the Actual Winner

Back in January, *Alive!* ran the results of our contest: Who can take their *Alive!* the farthest from Los Angeles? And we announced a winner.

Except that ... our math was faulty! The actual winner should have been Robert Whitaker, Rec and Parks (retired), at the Chobe National Park in Botswana. That's a distance of approximately 10,100 miles ... almost half the globe, and some 2,000 miles more than our listed winner.

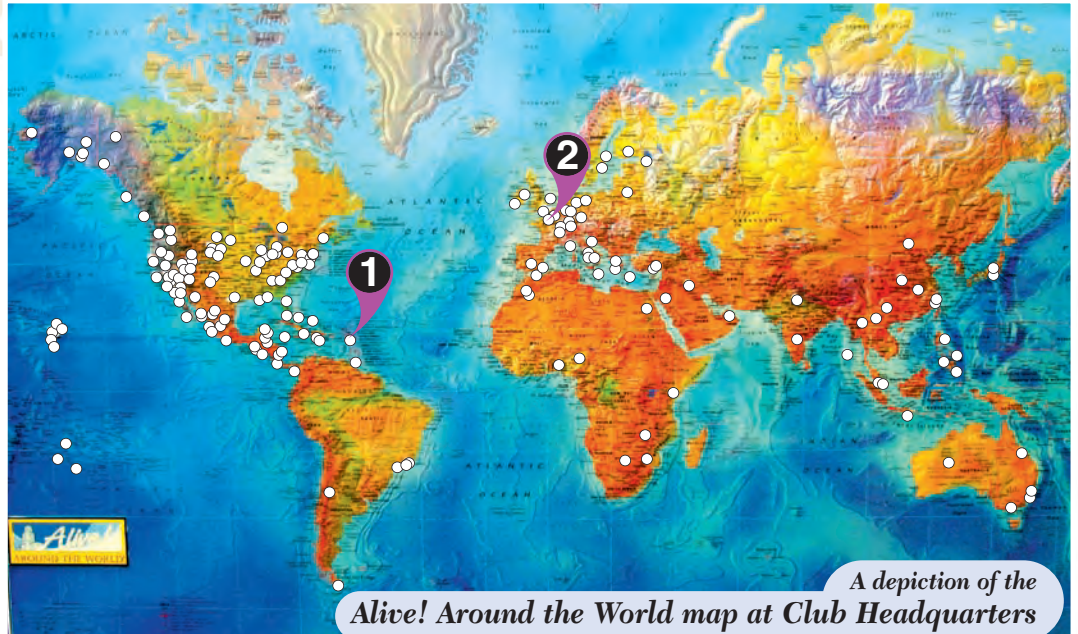

Sorry about that, Robert. Please accept our apologies ... plus, of course, the prize of a \$100 gift card. Enjoy it, while we go back to school to study math again.

### Winner:

**Robert Whitaker,  
Rec and Parks (retired)**

**DESTINATION:** Chobe National Park  
in Botswana - 10,100 miles  
**PUBLISHED:** November 2009

When you send digital photos through the Internet, please send the full, original digital file yourself, rather than using digital photo software like Kodak EasyShare, Kodak Gallery, Flickr, etc. These programs send very low-resolution images, and they don't look good in print. We want you to look your best, so send us the original digital file, please! Thanks!
