**TV PROGRAM HONORED:**

The California Association of Public Information Officials (CAPIO) presented its Award of Merit to "City Works," Public Works' half-hour television magazine, in the 2010 CAPIO Excellence in Communications Awards competition. Presentation was made April 15 during the 29th Annual CAPIO Conference in the CAPIO Awards ceremony at the Fess Parker Doubletree Hotel in Santa Barbara.

CAPIO's "Excellence in Communication" awards recognize the most creative and effective efforts in the areas of communication and marketing campaigns, newsletter production, photography, special events, writing, Website development and video production. Nearly 200 entries statewide were submitted in the competition, 15 in the video production category.

"City Works" spotlights key personnel, projects and special programs of the various bureaus and divisions within Public Works. It showcases the hard work the men and women of the department do every day to improve the quality of life in Los Angeles. "We are honored to receive this prestigious award from CAPIO, the statewide leader in governmental communications and information," said Public Works Board President Cynthia M. Ruiz. "It distinguishes 'City Works' among the very best video productions in the state.

"We are pleased to have CAPIO honor 'City Works' with its Award of Merit," said Executive Director Enrique Zaldivar, Public Works/Sanitation. "It is an outstanding production and very effective tool in helping us inform the public about our programs and the people who deliver quality and cost-effective services each day to the citizens of Los Angeles."
