# Very Special Guests

On Flag Day, June 14, the Griffith Observatory hosted very special guests – First Lady Michelle Obama; the first family's daughters, Malia and Sasha; Mrs. Obama's mother; and a few close family friends. The honored guests enjoyed a private tour, hosted by Observatory Director Dr. Ed Krupp; a command performance of "Centered in the Universe" in the Oschin Planetarium; and a rooftop view of Saturn through a refractor. "Our guests were curious, gracious and thoughtful," Dr. Krupp, Club Member, said. In the photo are First Lady Michelle Obama and Dr. Krupp.
