Take the Club with you, wherever you go!

Sending Digital Photos

When you send digital photos through the Internet, please send the full, original digital file yourself, rather than using digital photo software like Kodak EasyShare, Kodak Gallery, Flickr, etc. These programs send very low-resolution images, and they don't look good in print. We want you to look your best, so send us the original digital file, please! Thanks!

Israel

"Many years ago I was a volunteer on a kibbutz in northern Israel near the Lebanese border. Now, nearly 40 years later the kibbutz organization wanted to say thank you to all those young workers who had given their time and labor."

"Many different nationalities gathered, and some even brought their children or even grandchildren. We spent a week touring the still-working kibbutzes. The following day, I did some traveling of my own and took off for the Red Sea."

- **Michael Barnes, Capt. of The City yacht Angelina II, Harbor**
