Hello everyone!

This month we travel to Anaheim. I have driven by this park many times and always wanted to stop by, so this time we did.

Yorba Regional Park offers lots of activities; there is fun for the entire family. The park, which was recognized by the Orange County Board of Supervisors in 1976 as the official Orange County bicentennial project, is at the mouth of Santa Ana Canyon and includes 140 acres of relaxation. I

feel relaxed just walking in the park and taking in all the beautiful views. Let's begin!

Activities: The park has lots of activities for everyone to enjoy. There are more than 400 picnic tables, and many of them have permanent shade. As you walk, jog or rent a mini scooter, you will notice four lakes with connecting streams. There are lots of aquatic activities – you can rent a paddleboat or a kayak. If you prefer to stay on land, then you might want to fish along the lakes; there are many areas to sit and cast your fishing rod for a possible meal on a hook.

If you are a bike enthusiast, you can ride the park's bike trail and continue out of the park to the nationally recognized Santa Ana River Trail, which extends some 20 miles to the Pacific Ocean. The park has lots of playgrounds and restrooms. There are also seven group picnic shelters (available by reservation), volleyball courts, horseshoes pits, a physical fitness course, two baseball diamonds and about 200 barbecues for your fresh catch of the day.

One of the park's many playgrounds.

The park has everything you need to have a wonderful time with your friends or family. I recommend everyone going to the park to stop by and enjoy some fun in the sun. If you ride a bike, this is a good starting point to begin your trip on the Santa Ana River Trail, which will take you all the way to the beach (about 25 miles). That is a good trip.

The people at the park were all very nice and the vendors were also very helpful.

If you go, take lots of photos. Send them to me at agomez@cityemployeesclub.com.

Bring plenty of water snacks and maybe spend a little time just walking and enjoying the scenery.

As always, be safe and Be Alive!
